PEAK PERFORMANCE BUOYANCY

½ Day PADI Certification Course

Date	Time
August 17, 2024	11AM – 2PM
September 29, 2024	

Course description: Excellent buoyancy control is what defines skilled SCUBA divers. You've seen them underwater. They glide effortlessly, use less air and ascend/descend or hover almost as if by thought. They observe aquatic life more easily, without disturbing their surroundings. You can achieve this too. The PADI Peak Performance Buoyancy Specialty Course improves your buoyancy skills you've learned as a new diver and elevates them to the next level.

This course includes the academics portion of the PPB certification process. You may complete the required 2 certification dives during your next dive trip (within 12 months).

Course conducted at:

SPE Dive School, LLC
4601 North Park Ave. Suite 13-C (Elizabeth Building Arcade)
Chevy Chase, MD 20815

Registration required

Course Fee: \$95 plus Crew Pack (course materials are not included, required dives are not included in the course fee)

Pre-requisite: Open Water Certification
